

EUROPE.

The dispatches, this morning, contain the gratifying intelligence that the clouds of war which recently gathered in the extreme East, over the Black Sea, are likely to disperse without deluging the land with blood. Russia has consented to a kind of conference between the powers, which are parties to the Treaty of Paris, to be held in London in January next, though there are no indications that she will back down from the position she has taken with reference to the abrogation of the provisions of that treaty excluding her from using her own sea-coast as to her own best.

From France we have reports of very heavy fighting in the vicinity of Orleans. Our impression is, that the French have again met with defeat, though the dispatches leave us in doubt on that point. The two Garibaldi have met with a terrible defeat, and consequently will lose the greater part of their prestige, and probably their command.

Internal Revenue Items.
R. F. LARKIN has been appointed additional storekeeper at Wolfen & Co.'s distillery, Mount Vernon.

OWING to the scarcity of apples and peaches, but little fruit brandy will be made this season. Fifteen fruit distilleries are authorized to run—one in Posey county, one in Knox, four in Spencer, two in Martin, and seven in Dubois.

The distillery of G. B. & S. J. Bingham, at Patoka, is running along in the best and systematic manner, and is characteristic of the proprietors. The Bingham Brothers are very enterprising and safe business men, and infuse life into any community in which they do business.

THREE new grain distilleries in this district are expected to be ready to commence operations by New Year's, viz.: Bingham Brothers', in this city; A. Lichtenberger & Co.'s, in New Harmony; and John Speck's, in Newville. Spencer County has all its distilleries fully 2,000 gallons of spirits per day.

THE Internal Revenue Bureau at Washington is now collecting the figures, showing the amount of distilled spirits, foreign and domestic, on hand throughout the country, on the 15th of November. The amount in this district was nearly 130,000 proof gallons, comprising of amounts in bonded warehouses.

ANOTHER reduction is about being made in the force of Assistant Assessors, in pursuance of the Act of July last, reducing taxation. Warwick and Pike Counties have been consolidated into one Division, (the Sixth.) William J. Keith, of Newburgh, has been appointed Assistant Assessor for both counties, and R. H. Waller, of Petersburg, retired from the service.

MR. SAYMON M. BAXTER, of Petersburg, (late a well-known merchant of Cincinnati) has purchased the interest of his late partner—G. B. & S. J. Bingham—in the Hargett distillery, and is now running it on his own account. The working capacity is about to be enlarged to 400 barrels of grain per day, equivalent to 1,200 to 1,500 gallons of spirits.

At the distillery of George Wolfen & Co., Mount Vernon, the capacity has recently been increased to nearly 600 barrels of grain and 2,000 gallons of spirits per day. Mr. Wolfen, besides actively managing the large interests connected with the distillery, also does a large flouring mill business, besides taking an active interest in public affairs.

THE tobacco business is now being put into complete shape by the Internal Revenue authorities at Washington. The regulations governing this source of income are becoming more and more stringent, bearing upon leaf tobacco as well as manufactured tobacco, cigars and snuff. It is a heavy interest in this district, and yields a large revenue. The chief manufacturers of the smaller kind are multiplying rapidly.

SPECIAL taxes, generally termed "licensees," will cease on the 30th of April, 1871, on all kinds of business, except those connected with distilled spirits, tobacco in its various forms, and fermented liquors. This will be a great relief to trade in general. Persons commencing business are still subject to this tax, until the time mentioned, for the proportionate part of the year. The new partners, in case of a change of firm, are also liable.

AYNE's grain distillery at Patoka has suspended operations, in consequence of the failure of the proprietor, and will probably be sold to satisfy the claims of the Government for taxes. Certain personal property, consisting in part of corn, highwines, stills, pumps and malt, was sold at the distillery last Saturday, by the Collector, at fair prices. Some personal property belonging to the rectifying houses at Patoka and in this city, was also sold last week by the Collector.

DOWNSIDE TELEGRAMS.

THURSDAY, NOV. 29.

Gold closed in New York, yesterday, at 119 1/2.

The steamer Virginia, from Liverpool, arrived at New York yesterday.

The Nevada arrived at Liverpool, on Saturday, and the Nebraska, at New York, on Saturday.

The Nebraska, from Liverpool, arrived at New York, on Saturday.

The German steamer America has arrived at New York, from Bremen.

The ship steamer Lafayette, from New York, has arrived at Toledo, on route for Havre.

Armstrong and Jolly, the alleged murderers of Charles Smith, have been taken to St. Louis for safe keeping.

The National Capital Police have organized a society at St. Louis, to aid in the capture of the fugitives.

The action of Gov. Smith, of Georgia, in dissolving the legislature, has been highly commended by many of those who have lately supported him.

The new Mexican Emigration Convention, re-assembled in Santa Fe, yesterday, and elected a permanent organization.

The ship Perseus is still on fire at Patoka. The cargo is seriously damaged by water. None of it is to be recovered.

Mohr, Solomon & Mohr, liquor dealers of authority at New York, have been arrested, and are held in custody.

The steamer Clara, of Gloucester, which was wrecked at Patoka, has been raised, and is now being towed to New York.

such amendments as time and experience may demonstrate to be necessary to perfect the system.

The receipts from tobacco continue to be highly satisfactory. The receipts for the last fiscal year from this source were \$31,550,707. For the preceding year they were \$23,450,707, showing an increase of \$8,100,000.

This increase of nearly eight millions has not been spasmodic, but it is a regular monthly increase, averaging over \$600,000 per month. The late crop of tobacco was an important factor in the increase.

owing to a general drought in many of the tobacco growing districts. The Commissioner calls attention to the fact that the receipts from tobacco are not as they were supposed to be, and that the Nevada and Utah boundaries are not as they were supposed to be.

Chief of Police Wagner, of New Orleans, appeared at the Police Office of the Central District of New York, on Sunday, with a requisition from day, Warrenton, for Col. Dranger, an alleged forger, but was informed that Dranger had been released on a writ of habeas corpus, by Judge McLean.

cerned. The act of July 14, 1870, increased the taxes. The law of August 15, 1870, appropriating a direct tax of \$20,000,000 per annum among the States and territories, has been complied with by the execution of the law.

The Territory of Colorado, and the eleven insurrectionary States. Subsequent legislation provided for collecting the tax in Delaware and Colorado by Internal Revenue officers, and in the eleven insurrectionary States by the appointment of United States Commissioners.

The Commissioner suggests the expediency of Congress making provision for the final disposition of all the lands which are now in the hands of the United States, and are now owned by the United States, by direct tax laws, at an early day.

The number of cases compromised during the year ending June 30th, was 472, for which there was received \$920,274.25. During the whole year the number of suits commenced by Government attorneys was 6,245.

The number of suits decided in favor of the United States, 5,555; against the United States, 241. The total amount of judgments recovered, \$1,206,214.32.

THE following table shows the amount of the Treasury tax on tobacco, for the year ending July 1st, 1871, against the amount of the Treasury tax on tobacco, for the year ending July 1st, 1870, showing an increase of \$8,100,000.
